

**Kawther Ibrahim Abdulkadir & Partners Co. Ltd.**  
Agents for Laboratory and Scientific Equipments

# Corporate Profile

Leading supplier of Analytical Laboratory, Nano Technology, Measuring Instrument, Material Testing, Environmental, Technical Training Instruments and Laboratory Furniture.

## Chairman Message

The success of KIAK is attributed to our ability to satisfy rigorous and challenging demands of our customers. Our customers run complex operations that require sophisticated technologies and dedicated support from expert service engineers and scientists. Our solutions are carefully tailored combining industry expertise and application know-how to achieve efficient results.

Collaborating in partnership with the most advanced technological companies from US, Europe and Japan, KIAK offers a one-stop solution for the laboratory. We are proud to serve QA, QC, academic and research institutions with the best equipment and services. From turnkey projects to sophisticated equipment/instrumentation to basic consumables, our customers can be assured of dependable and reliable service and support.

We look forward to serving you and earning your business every day.,

K.I. Abdulkadir & Partners Co. Ltd.

## Company Profile

K.I. Abdulkadir & Partners Co. Ltd. ( KIAK) is the leading provider of casework, instrumentation, equipment and support services for research and quality control laboratories in Saudi Arabia. With 28 years of experience in serving the scientific community, We are the only major company in the region that is exclusively, dedicated to meeting the full range of laboratory requirements as a One Stop source.

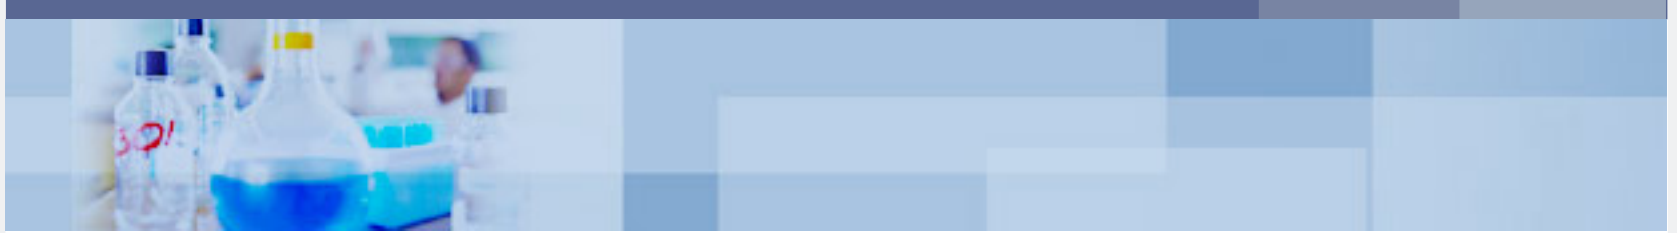

With 3 regional offices ( Jeddah, Riyadh, Al Khobar) as well as branch offices in Yanbu, Rabigh, Hail, Jubail, Abha and Al-Hasa, we provide full sales coverage in the vast and geographically spread out market of Saudi Arabia.

KIAK is value-added, full services distributor and we represent manufacturers that are worldwide market leaders and offer state of the art equipment for analytical, material testing and scientific segments.

Our products are backed up by our factory trained service engineers located close to our customers for responsive support. In addition to normal warranty services, we also offer preventative maintenance contracts, repairs, calibration and validation for optimum performance of a laboratory. Our Projects Division provides services to implement complete turnkey laboratory including design/ layout, project management services, engineering and sourcing services for the laboratory.

Our complete range of services offered include :

- Equipment and Instrument sales
- Annual Maintenance Contracts
- Laboratory Furniture
- Callibration
- Repairs and Service
- Lab/Equipment Shifting
- Installation & Commissioning
- Project Management
- Training

## Vision and Mission Statement

### KIAK VISION:

To become the partner of choice to our esteemed customers and suppliers through:

- Dedication to provide quality service and support
- Earn the trust and respect of our business partners and help support their success
- Add value to our customers' operation beyond price

### KIAK MISSION:

- To be the market leading supplier of laboratory products and services

- Continuously improve our business processes and productivity
- To achieve successful Teamwork between our Customers and our Principals

## Quality Policy

- To deliver quality and value added products & services to meet or Exceed customers' satisfaction.
- To comply with requirements and continually improve the effectiveness of the Quality Management System.
- To provide professional training to employees to improve their soft and technical skills.
- To make continuous improvement towards desired goals through team participation and measurements of processes.

## Analytical Laboratory

### Shimadzu

- Liquid Chromatography Systems
- Ultra fast Liquid Chromatography Systems
- Preparative Liquid Chromatography Systems
- Gas Chromatography Systems
- Spectroscopy Products
- Mass Spectrometer Systems
- Data Management for Analytical Instruments
- Analytical Balances

### Mettler Toledo

- Titrators
- Thermal value excellence
- Thermal analysis excellence
- pH Meters
- Conductivity Meters
- Density Meters
- Refractometers

### Restek Corporation

- GC Columns & Accessories
- IC Columns & Accessories
- Vials & Syringes for Chromatography Instruments
- Air monitoring & Gas sampling

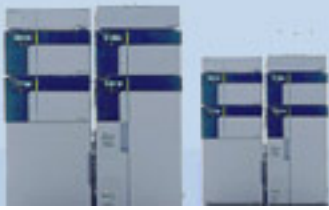

### BERGHOF

- Microwave digestion systems for Analytical Instruments

### My Antec

- Electrochemical Detectors for HPLC
- IC-EC Workstation for ultra-trace analysis
- Decades II Potentiostat for EC/MS

**EUROVECTOR**  
INSTRUMENTS & SOFTWARE

**Hellma**  
Precision in Spectro-Optics Worldwide.

**Molecular Devices**  
now part of MDS Analytical Technologies

## Analytical Laboratory (cont.)

### Eurovector Instruments & Software

- CHNS O Analyzers
- N-Protein Analyzers

### Hellma

- Cells
- Tray Cells
- Calibration Standards

### Molecular Devices

- Molecular Devices
- Microplate Readers
- Microplate Washers

## Nano Technology Instruments

### RHK Technology

- SPM and Surface Analysis
- SPM Controller
- AFM Controller

### NT-MDT

- NANO FAB Platform
- INTEGRA Platform

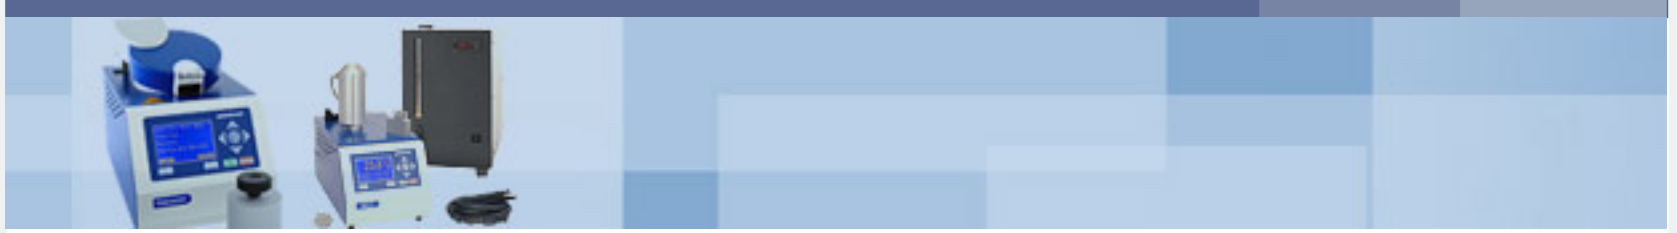

### Shimadzu

- Spectroscopy
- Nanoflow Liquid Chromatography systems
- Powder & Particle Size Analyzers
- Mass Spectrometer Systems
- IR/FIR Spectrophotometers

## Thermal Analysis & X-ray Spectroscopic Instruments

- Differential Scanning Calorimeter
- TG/DTA Instruments
- Sequential X-Ray Fluorescence Spectrometer Instruments (XRF)
- Energy Dispersive X-Ray Fluorescence Spectrometer (EDX)
- X-Ray Diffractometer (XRD)

## Measuring Instruments

### Hunter Lab

- Specialist in Color Measurements
- Portable, bench & on line color comparators
- Tritimless colorimeters
- MiniScan Spectrophotometers

### Brookfield

- Dial, Digital & Programmable Viscometers R/S Rheometers
- Process Viscometers and Themosel System

### Bellingham + Stanley

- Hand Held Refractometers
- Abbe Refractometers and Digital Refractometers
- Polaimeters

### Logan Instruments Corporation

- Dissolution Testing
- Franz Diffusion Testing
- Desintegration Testing
- Friability Testing
- Hardness Testing and Density Testing

### Petrotest

- Automatic Instruments for all Kinds of Petroleum Test automatically on Fuel, Grease, Bitumen, Oil, Wax

### BUCHI

- Kjeldhal Digestion Systems
- Steam Distillation units
- Nitrogen Determination
- Fat Extraction determination

### Lauda

- Measuring Instruments
- Heating Thermostats
- Low Temperature Thermostats
- Circulating Chillers Heating & Cooling Systems

## Material Testing

### SDL ATLAS

- Test Instruments for Fibers, Yarns, Fabrics
- Universal Testing Machine

### Metkon

- Grinder / Polishers
- Abrasive Cutters
- Precision Saw
- Microhardness Testers
- Image Analysis Systems

### Sheen

- Test Instruments for color, Gloss, Appearance, Opacity
- Hiding power, Viscosity, Drying time, Hardness, Adhesion, Impact, Thickness, Corrosion & Temperature

### Omnitek

- S-Flow Automatic Viscometers
- Moisture Analyzers for Plastics

### Lovibond

- Sample Preparation Instruments
- Color Measurement for Oil & Fats
- Automatic Calorimeters
- Lovibond Comparator 2000 Systems

### Technotest

- Drying & Weighing, Soil Testing, Concrete, Cement & Mortar, Aggregate, Asphalt & Roads, Steel, Coring & Drilling Machines

### Dr. Collin

- Laboratory Extruders
- Laboratory Platen Presses

### Dynisco

- Melt Pressure & Temperature
- Melt Indexes and Polymer Evaluation Products

## Environmental Instruments
