Epoxy Resin Products

NOW AVAILABLE IN SAUDI ARABIA

INTRO ABOUT **EPOXYN** & WORKTOPS

Located in Mountain Home, **Arkansas USA**, Epoxy is a leading manufacturer and fabricator of high performance work surface solutions for the laboratory. They offer both Epoxy and Phenolic resin, the two premier high performance laboratory work surface materials. Epoxy products include:

chemical-resistant, laboratory-grade epoxy countertops, sinks, and fume hood tops.

Epoxy products will produce a style, size and configuration to perfectly match the architectural design and décor of your laboratory or technical setting.

The impressive heat and chemical resistance of epoxy resin makes it the most popular

choice for the rigors of laboratory. The outstanding quality of epoxy resin make it the safest, most economical & long lasting work surface available.

Extensive testing shows Epoxy surface resist discoloration, blistering & cracking even under the harshest condition.
